Specifying Guide for the Crysalli Artisan Water Systems

Make a decision between choosing a remote chiller, countertop chiller, cabinet configuration or cold plate style model
If you selected a remote chiller unit, proceed to Step 2 (go to page 5)
If you selected a countertop unit, proceed to Step 4 (go to page 10)

Quick List

Step One (page 3)
Select your package between Countertop or Remote Chiller
For Remote Chiller proceed to Step 2
For Countertop proceed to Step 4

Step Two (page 5)
Select a tower and the number of taps needed

Step Three (page 8)
Select a drip/drain pan

Step Four (page 9)
Select your Crysalli Chiller Unit
For Remote Chillers go to page 9
For Countertop units go to page 10
For Low Volume units go to page 13

Step Five (page 15)
Choose an installation kit and
Add an additional trunk line if required

Step Six (page 16)
Select a water filtration system

In order to have a complete system, you must make a selection in Steps 1-6

www.crysalli.com

Remote Chiller or Countertop Configuration

Custom configurations of Remote Chillers and Tower
or Countertop dispensing equipment
Featured Benefits

Countertop

- Stylish curved look with mirrored stainless exterior
- 4 model sizes for different volume needs
- Minimal countertop space use for large volume systems
- Pull Handle dispensing valve styles are great for wait staff service use
- Push Button dispensing styles are ideal for self-service use
- Single piece of equipment package just add the filter system; easy install
- Self-contained refrigeration
- Easy service accessibility
- Average dispensing temps of 34-40°
- Cold Carbonation for ideal sparkling water bubbles

Remote Chillers

- Pair with different draft tower dispensing options
- Sleek CBR draft towers in Chrome or White
- Illuminated Medallion style draft towers
- Push Button dispensing towers
- 3 model size Remote Chillers
- Can be located up to 50' away from towers
- Remotely locating chiller reduces noise and heat
- Or they can be placed in a well ventilated cabinet
- A single remote chiller can operate two towers
- Average dispensing temps of 34-40°
- Cold Carbonation for ideal sparkling water bubbles

Sizing Guide

Model	Average Usage under 40º water	Usage Type	# of Seats/People
CR-1 variations and CR-UCM1	32-50 liters/8-13 gal per hour	Bottle service or craft beverage	Under 75 seats, 2-3 turns
CR-2 varations and CR-UCM2	Higher volume faster recover 64-80 liters/ 17-21 gal per hour	Bottle service, craft beverage, cafeteria, split tower systems	100 plus seats, high turn, or heavy short term peak use
CR-UCM2-2CL	Higher volume faster recover 64-80 liters/ 17-21 gal per hour	Improved still water pressure results from split tower systems, vertical rises or lower water pressure buildings	100 plus seats, high turn, or heavy short term peak use
CR-UCM2-S0096	Higher volume faster recover 64-80 liters/ 17-21 gal per hour	Long draw with a lengths farther than 45'. Vertical trunkline runs longer than 15'. Challenging trunkline runs	100 plus seats, high turn, or heavy short term peak use
CP2000 Series	Filling glasses by the oz, less than a liter per draw. Repeated use of 50, 12 oz drinks per hour ave. or periodic bottle filling	Service by the glass. Craft beverage. Coffee shops, cafes, wineries and offices	Less than 50 employees
CR-CPS Series	Ice Chilled Cold Plate. Manual fill, 40 LB Ice Storage. Melt off depends on usage. Heavy usage can require refilling every 30 min.	Self Service only. Tight spaces where Refrigeration based system cannot fit.	
2 Valve towers and countertop models		Typically used in full service, bottle service and craft beverage applications	
3 Valve towers and Push Button (PB) models		Typically used in Self Service applications

Crysalli
Artisan Water

Mission:
- Crysalli strives for excellence as leaders, educators, innovators and producers of water and other high quality beverage dispensing equipment.

Vision:
- Maintain a pure and simple focused approach to our equipment and customer experiences.
- Proactive empowerment, innovation and ownership of customer solutions.
- Pay attention to the details.
- Treat everyone as we desire to be treated.
- Never let profits get in the way of doing the right thing.
- Build and maintain enduring relationships.
- Continual education and personal improvements.
- Take the time to enjoy a cold glass of sparkling water.
- Have fun and enjoy selling and supporting Crysalli.

Product Styles
Commercial Remote Chillers
- Sparkling and Still
- Still Chilled only
- Used with Draft Tower options

Commercial Countertop Chillers
- Sparkling and Still
- 2 and 3 valve configurations
- Still Chilled only

Low Volume CP Series
- Undercounter Chillers
- Countertop Chillers

Always include an Install Kit with new installation systems

Always include water filtration system with new installations
- Contact your local Distributor for replacement water filter cartridges

Warranty
- Commercial Warranty: 1 year Parts and Labor
  - Remote UCM units must be used with Crysalli Dispensing towers to be eligible for warranty coverage
- All Residential Units: 1 year Parts 90 days Labor

Prices
- Prices are FOB Hayward, California
- All Prices and specifications are subject to change without notice
- Product found in Auto Quotes
- Contact factory for Minimized Advertising Pricing (MAP) policy
